

CHARACTER ANALYSIS

You understand a character by analyzing three things: 1) what the character does,
2) what the character says, and
3) what the author tells you about the character.

Gather information from *THIEF IN THE PARK* and complete this graphic to analyze the character named in the heading.

The graphic organizer consists of a central heading box and three large vertical boxes below it, all designed to look like unrolled scrolls. The heading box is at the top center and contains the name 'Evan'. Below it are three vertical boxes, each with a title at the top and a large empty space for notes. The titles are 'WHAT THE CHARACTER DOES', 'WHAT THE CHARACTER SAYS', and 'WHAT THE AUTHOR SAYS ABOUT THE CHARACTER'. Each box has a small grey circle at the top-left and bottom-left corners, suggesting where the scroll would be rolled up.

Evan
